- Responsible for the replenishing, quality control, counting and ordering of stock.
- Resolving customer queries and complaints.
- Providing additional help by assisting with night shift work on seasonal occasion.

## **Skills**

Computer Literacy- I have proficient in many computer packages including Microsoft Word and PowerPoint, Adobe Photoshop and Illustrator, AutoCAD, Artlantis, FormZ and Dreamweaver. I am always keen to expand my computer skills and can adapt to new packages with ease.

Communication- Through experience within varied working environments and amongst a diverse collection of individuals, I have excellent communication and interpersonal skills.

Enthusiasm- I am a dedicated, efficient and creative worker who operates well independently and yet is an effective team player.

Innovation- As displayed in the recent success of the AJ Cedric Price Memorial competition along with the work undertaken as part of Hole in my Pocket, I have a lateral approach to design along with a constant hunger for new challenges.

Sustainability- During my time at Arcosanti I was able to build on my learnt knowledge of sustainable issues by being a participant in a project that actively embraced its principles.

Construction- In addition to understanding the theoretical aspects of Arcosanti, I also gained valuable hands-on construction experience working with concrete to create wall panels, performing slump tests and using a builders level.

## **Activities**

### Hole in my Pocket. 2002-Present

- Co-founder of design duo.
- Involved in a series of projects, competitions and exhibitions.

### Hole in my Pocket @ The Arches, The Arches, Glasgow, 2005.

- Exhibition as part of Glasgow International, Glasgow's first contemporary visual arts festival.
- Collection of models, sketches, photos and video work.
- Provided impetus for Sunday Times article on Hole in my Pocket at the end of April 2005.

### Seanchaidh Exhibition, Intermedia Gallery, Glasgow, 2004.

- Design and installation of exhibition showcasing recent work as part of Hole in my Pocket.
- Featured in arts journals, magazine articles and the critics' choice of a national newspaper.
- Attracted over 760 people during its three week run in May 2004.

### Cedric Price Memorial Competition Winner, 2003.

- Winner of the Architects Journal CP Competition.
- Idea for a series of rubber stamps that introduce themes of time, interval and periods of usefulness into architectural drawings.

### Pigeonhole City Competition Winner, 2002.

- Winner of a competition run by The Lighthouse, Glasgow, and judged by Cedric Price.
- Proposal for a network of small black sketchbooks that pass between complete strangers, providing a forum for discussion, ideas and opinions through all creative means.
- Through additional funding the project was realised and a subsequent exhibition commissioned.

### Travel

- Experienced traveller in Europe and the United States of America.
- Completed a trip in 2003 around the coast of Scotland with an old airline service trolley as part of a project concerned with issues of mobility and communication.
